Leak under slab of living room, tunnel from outside - Set up all work with owner. Did access hole on outside of house where pipe was found in wall of living room. Continue to dig till bottom of beam is exposed. Tunnel underneath slab unit water line is found. Cut off water and drain down system. Cut section of pipe and run new line to outside of house. Make hole in brick and stub new water line into wall. Go inside house and tie in to existing water line feeding upstairs. Restore water and check for any other problems. Backfill hole and compact dirt. Clean work area. Quoted Price Per Proposal - Jeff		1,750.00	1,750.00	
Above was the original quote. When water was turned back on, there was another leak coming from further under house - Return the next day and continue to tunnel under house to find additional leak. Cut off water and drain down system. Cut out bad section and repair as needed. Restore water and check for any other problems. Quoted Price For Additional Leak - Jeff		1,264.00	1,264.00	
Subtotal			\$3,014.00	
Sales Tax (8.25%)			\$0.00
